# Credentialing

## CREDENTIALING IS AN IMPORTANT COMPONENT OF RUNNING YOUR PRACTICE.

### A faster route to enrollment.

Streamline the credentialing process and prevent lags in payment due to un-earned or expired credentials. Utilize our intuitive Pulse portal coupled with expert-supported service that provides an end-to-end solution for your organization's credentialing needs. Our guided workflow can help you gain compliance quickly, saving you valuable time and allowing you to earn reimbursements for your services as soon as possible.

### Services Provided

- Payer Credentialing
- Payer Re-Credentialing
- CAQH & other payer portal updates
- Payer Directory Updates

- Payer Application Appeals
- NPI Applications
- Hospital Privilege Applications
- Demographic Changes

### TPS Differentiator: Pulse Credentialing Portal

Experience an automated, intuitive platform that combines our expertise with a system that remedies the inefficiencies that arise in the credentialing process.

**Platform Benefits Include:**

- **Guided flows** – Optimizes the collection of information for all credentialing applications
- **Inventory Management** – One source to manage all credentialing information and manage overall credentialing inventory status
- **Streamlined communication methods** – No more spreadsheets, everything done in one platform.
- **Transparency** – View real time credentialing tasks, enrollments, notes and status detail at an account level (eg. multiple practices associated with one account).

Our team of payer enrollment experts has experience working with various payers and providers of all backgrounds. Let our team collect and submit information in a timely manner and perform all necessary follow-up tasks, lightening your load so you can focus on patient care and growing your practice.
