PROVIDER ONBOARDING AND CREDENTIALING, SIMPLIFIED FOR BILLING SERVICES

▷ What's the true cost of credentialing?

As a billing service, uncovering a new provider's credentialing statuses can be time-consuming and confusing. Perhaps your staff is robust but lacks a qualified credentialing expert? Don't let a lack of time or knowledge allow credentialing-related denials to hit your and your client's bottom line.

▷ Simplify your clients' credentialing with the right partner.

Optimize your internal resources and offset your workload with the right partner. Credentialing services from TriZetto Provider Solutions (TPS) simplifies the credentialing process so your staff can focus on other revenue-generating activities.

Services provided:

- Payer Credentialing (Credentialing with New Payers)
- Payer Re-Credentialing (Re-Credentialing with Payers)
- NPI Applications

- Demographic Changes
- Hospital Privilege Applications
- CAQH & other payer portal maintenance
- Payer Appeals
- Directory Updates

▷ TPS Differentiator: Pulse Credentialing Portal

Experience an automated, intuitive platform that combines our expertise with a system that remedies the inefficiencies that arise in the credentialing process.

Platform Benefits Include:

- **Secure document storage/repository** – Once loaded, all provider credentials can be managed and accessed in one centralized place

- **Single source of truth with regards to communication** – No more spreadsheets, everything done in one platform

- **Transparency** – View real time credentialing tasks, enrollments, notes and status detail at an account level (eg. multiple practices associated with one account)

- **Accountability** – Provides accountability in regards to escalations

The TPS team of payer enrollment experts has experience working various payers and providers of all backgrounds. Let our team offset your workload, allowing you to optimize your internal resources while we serve as an extension of your office.
