

paperResolve

ELIMINATE THE PAPER PROBLEM.

Manually posting remits and payments costs your organization
\$5.32 per transaction

paperResolve™ EOB

HOW IT WORKS

- Extracts payment and remittance data from scanned images of EOBs/EOPs
- Converts the data into EDI 835 electronic remittance advice files
- Proprietary denial codes cross-walked to ANSI standard CARCs/RARCs

The Benefit -

- Accelerates cash posting and collections
- Virtually eliminates posting errors
- Streamlines working denials
- Improves efficiencies

paperResolve™ Correspondence

HOW IT WORKS

- Extracts indexed data from scanned images of paper-based correspondence and creates a text file or “zero dollar” electronic 835 files
- Includes a work-listing tool which allows for prioritization and assignment of correspondence items to staff

The Benefit -

- Expedites insurance follow-up
- Decreases manual data entry
- Electronically archives payer correspondence letters
- Improves research/accessibility

paperResolve™ Patient Payments

HOW IT WORKS

- Extracts transaction data from scanned images of paper-based patient payment coupons, statements and checks
- Generates skinny-835 posting files

The Benefit -

- Patient Payments: Eliminates patient payment manual posting process
- Improves collection process with real-time access to images of originating documents
- Facilitates electronification throughout the payment process
