

TriZetto Provider Solutions®

paperResolve™

Eliminate the paper problem

Manually posting remits and payments can cost your organization \$5.30 per transaction. paperResolve eliminates the paper problem by converting paper payments and letters into machine ingestable files.

paperResolve™ EOB

- Extracts payment and remittance data from scanned images of EOBs
- Converts the data into EDI 835 electronic remittance advice files
- Proprietary denial codes cross-walked to ANSI standard CARC and RARC

The Benefit -

- Accelerate cash posting and collections
- Virtually eliminates posting errors
- Streamlines working denials
- Improves efficiencies

paperResolve™ Correspondence

- Extracts indexed data from scanned images of paper-based correspondence letters
- Creates a text file or “zero dollar” electronic 835 files
- Includes a work-listing tool which allows for prioritization and assignment of work items

The Benefit -

- Expedites insurance follow up
- Decreases manual data entry
- Electronically archives payer correspondence letters

paperResolve™ Patient Payments

- Extracts transaction data from scanned images of paper-based patient payment coupons, statements, and checks
- Generates 835 cash posting files

The Benefit -

- Eliminates manual patient payment posting processes
- Improves collections with real-time access to images of originating documents
- Facilitates digitization throughout the payment cycle
