

The complete operating system for practice success

As leaders in clinical, financial, and practice growth technology, Kareo and PatientPop have joined forces as Tebra to provide independent practices with digital tools and support to thrive in a new era of healthcare.

Key features

Practice Growth

Grow your digital footprint and attract the right patients with a custom website and stellar reputation that fuel online visibility.

Patient Experience

Transform the patient experience by leveraging digital tools that meet patient expectations, allowing patients to be more engaged and proactive throughout their care journey.

Care Delivery

Deliver better care with certified EHR technology built to empower today's provider with clinical tools that support rather than interfere with patient care.

Billing and Payments

Easily enroll, submit, and reconcile insurance claims, all from one platform. Reduce days in A/R with convenient payment solutions to help you collect payments faster and more easily.

Data and Insights

Leverage powerful reporting and analytics to uncover opportunities across revenue cycle management, clinical measures, and online performance.

Benefits

- + Provide convenient digital experiences that keep patients coming back
- + Free staff time, eliminate front-office burdens, and drive new efficiencies
- + Get paid faster by reducing insurance and payment complexities

About Tebra

Tebra provides digital tools and support to attract new patients, deliver modern care, get paid quickly, and operate efficiently. To learn more how Tebra is committed to improving the success and well-being of both patients and providers, visit tebra.com
